

Certified Professional in Demand Forecasting (CPDF) Workshops

2011, First Quarter Offerings

CPDF is a global certification program for Demand Forecasters, Planners and Managers. Over the past five years these courses have benefited hundreds of participants across North America, Europe, Asia, Africa, and Australia.

The certificate curriculum is endorsed by the IIF (International Institute of Forecasters) and is designed to maximize learning outcomes and networking opportunities with peers in the Demand Forecasting profession.

Workshop Schedule:
